RE: Urgent Appeal: Save PlushSE16 – Preserving Culture Empowering Community Jobs and Well-Being

Dear Stephanie Cryan,

I hope this email finds you well. We are writing as concerned members of the community to urgently bring your attention to the imminent threat to our community faced by the loss of PlushSE16, a cherished hub in our neighbourhood.

The closure of PlushSE16 not only jeopardises the livelihoods of over 20+ dedicated employees but also has a profound impact on our community's well-being. The job losses are disheartening, especially considering the challenging times we are already navigating.

PlushSE16 is more than a business; it's a vital part of our community fabric, providing not only essential services but also acting as a hub that brings us together. Losing such a valuable establishment would leave a void that extends far beyond economic implications.

We implore you to consider the broader impact of PlushSE16's closure on our community. The loss of jobs, the disruption to the lives of the employees, and the void left in our communal space are challenges we earnestly hope can be averted.

We kindly request your support for PlushSE16 and safeguarding the well-being of our community. Your intervention can make a significant difference in ensuring the continued prosperity of both the business and the people it serves.

Thank you for your time and consideration. We remain hopeful and trust in your commitment to the well-being of our community.

Best regards,

Concerned Community members of [PLUSHSE16](#)
